

MEETING

GRAZING ANIMALS

ON THE CLIFFS

14TH JANUARY 2026

7.00pm

RHOSSILI VILLAGE HALL

There has been a lot of different and sometimes conflicting information recently about animals grazing Common Land on Rhossili Cliffs round to Mewslade. This meeting is hosted by Rhossili Community Council to assist in understanding the rights and responsibilities of the many organisations and people with a vested interest in the land and with a view to explore the potential for the formulation of a Management Plan that preserves and conserves it for the benefit of all users, now and in the future.

Please come along, learn about the law and regulations on Common Land and put forward your views and ideas.

Refreshments will be available.
